GOVERNMENT SALARY TABLES

ADOPTED BY

THE COMPTROLLING OFFICERS

OF

THE TREASURY DEPARTMENT.

FOR USE IN

THE PAYMENT OF PERSONS IN CIVIL EMPLOYMENTS WHO RECEIVE ANNUAL OR QUARTERLY SALARIES.

COMPILED,

UNDER THE DIRECTION OF THE CHIEF CLERK OF THE TREASURY DEPARTMENT,

BY

DAVID S. GREEN.

WASHINGTON:
GOVERNMENT PRINTING OFFICE.
1872.

TREASURY DEPARTMENT,
August 20, 1872.

NOTICE.

Owing to the fact that these tables could not be printed in time for distribution before the first quarter of the year had begun, the order directing their use is hereby changed so as to take effect from and after September 30, 1872, instead of from and after June 30, 1872.

WM. HEMPHILL JONES,
Acting First Comptroller.
E. B. CURTIS,
Acting Second Comptroller.
H. A. LOCKWOOD,
Acting Commissioner of Customs.

Approved:

WM. A. RICHARDSON,
Acting Secretary.

TREASURY DEPARTMENT,
July 1, 1872.

The following salary tables are prescribed as the rule for paying persons in civil employments who receive annual or quarterly salaries. This order will take effect from and after June 30, 1872, and all disbursing officers and agents will make their pay-rolls and render their accounts accordingly.

R. W. TAYLER,
First Comptroller.
J. M. BRODHEAD,
Second Comptroller.
W. T. HAINES,
Commissioner of Customs.

Approved:
GEORGE S. BOUTWELL, *Secretary.*

NOTICE.

To avoid inconvenience in the payment of monthly salaries, it will be observed that in these tables the computations have been varied in the monthly division of the quarters to conform as nearly as was practicable to even tenths of dollars.

That part of the table should only be used in paying salaries by the month; any annual salary paid for a less period than one month should be computed from the per diem column of the proper quarter.

To illustrate this, suppose a salary of $1,800 per annum is to be paid for the month of June, (30 days.) This will be found in the first column, on page 67, and is $148.30. Suppose, however, the payment is to be made for the month of May, (31 days,) and 29 days in June. In the first column May is $153.40, and in the column under "Second quarter," 29 days is $143.41, or $153.40 + $143.41 = $296.81.
